

Jets, particle production and transport properties in collider and cosmological environments

Tuesday, August 5, 2014

What questions should we be trying to address on the lattice, and what opportunities are there? Resummed perturbation theory confronts lattice (2:00 PM - 5:00 PM)

-Conveners: Aleksi VUORINEN; Mikko LAINE

time	[id] title	presenter
2:00 PM	[13] What can the lattice teach us about transport	Prof. MEYER, Harvey
