

## Session Program

9–13 Apr 2018

## Challenges in Semileptonic B Decays

### *Inclusive $b \rightarrow c$*

Mainz Institute for Theoretical Physics, Johannes Gutenberg University, 02.430  
Staudingerweg 9 / 2nd floor, 55128 Mainz

# Friday 13 April

09:00

## Inclusive b -> c

Session |

Location: Mainz Institute for Theoretical Physics, Johannes Gutenberg University, 02.430, Staudingerweg 9 / 2nd floor, 55128 Mainz

09:00–09:30 **Inclusive b -> c, also with taus**

Speaker

Thomas Mannel

09:30–10:00 **Heavy-quark masses and HQE matrix elements from Lattice QCD**

Speaker

Silvano Simula

10:00–10:30 **Inclusive rates from lattice**

Speaker

Shoji Hashimoto

10:30–11:00 **Coffee break**

11:00–11:30 **Inclusive rates from lattice**

Speaker

Prof. Harvey Meyer

11:30–12:00 **Experiment**

Speaker

Dr Christoph Schwanda

12:00–14:30 **Lunch break**

14:30–16:30 **Afternoon discussion on report etc**

16:30
