

Hadronic contributions to the muon anomalous magnetic moment: strategies for improvements of the accuracy of the theoretical prediction

Tuesday, 1 April 2014

Working Group: Experimental Input (14:30 - 18:00)

-Conveners: Simon Eidelman; Achim Denig

Working Group: Hadronic Models (14:30 - 18:00)

-Conveners: Marc Vanderhaeghen

Working Group: Lattice QCD (14:30 - 18:00)

-Conveners: Tom Blum

Working Group: Other (14:30 - 18:00)

-Conveners: Dominik Stockinger
