

## Session Program

26–28 Sept 2018

# Quantum Fields – from Fundamental Concepts to Phenomenological Questions

## *Young Speakers*

Mainz Institute for Theoretical Physics, Johannes Gutenberg University, 02.430  
Staudingerweg 9 / 2nd floor, 55128 Mainz

## Thursday 27 September

15:00

### Young Speakers

Session |

Location: Mainz Institute for Theoretical Physics, Johannes Gutenberg University, 02.430, Staudingerweg 9 / 2nd floor, 55128 Mainz

15:00–15:45 **Cosmological bounds on the field content of asymptotically safe gravity-matter models**

Speaker

Ms Alessia Platania

15:45–16:30 **Asymptotic Safety, Background Independence and Unitarity**

Speaker

Daniel Becker

16:30
