

## Session Program

22–26 Sept 2014

## The String Theory Universe

### *Overview Talk*

## Tuesday 23 September

09:00  
10:00

### Overview Talk: Takayanagi

Session | Location:

09:00-10:00

Takayanagi - Entanglement Entropy and Spacetime Geometry

## Wednesday 24 September

09:00  
|  
10:00

### Overview Talk: Marchesano

Session | Location:

09:00–10:00 Marchesano - String Phenomenology Today

## Thursday 25 September

09:00  
10:00

### Overview Talk: Zavala

Session | Location:

09:00–10:00 Zavala - String Theory and Cosmology in the 21st Century

## Friday 26 September

09:00  
10:00

### Overview Talk: Martelli

Session | Location:

09:00–10:00

Martelli - Supersymmetric gauge theories, localization and holography
