

Searching for New Physics with Cold and Controlled Molecules

Tuesday, 27 November 2018

Discussions and talks on: Direct cooling of molecules - 02.430 (14:00 - 15:50)

time	[id] title	presenter
14:00	[14] A molecular fountain	Prof. BETHLEM, Hendrick
14:30	Coffee	
14:50	[15] Experiments with ultracold monofluoride molecules	Dr FITCH, Noah
15:20	[16] Measuring the electron-EDM using a slow and cold beam of BaF molecules	Prof. HOEKSTRA, Steven
