

# Searching for New Physics with Cold and Controlled Molecules

## Wednesday, 28 November 2018

**Discussions and talks on: Dark matter and EDM in atomic/molecular experiments - 02.430 (14:00 - 16:10)**

time	[id] title	presenter
14:00	[20] Testing the parity symmetry in cold chiral molecules using vibrational spectroscopy	Dr DARQUIÉ, Benoît
14:40	[21] Rotational Spectroscopy and Internal State Control of Cold Molecules	Dr EIBENBERGER, Sandra
15:15	Coffee	
15:40	[22] Material Size Dependence on Fundamental Constants	Dr PASTEKA, Lukas
