

Session Program

14–18 Jan 2019

Future Challenges in Non-Leptonic B Decays: Theory and Experiment

Flavor symmetries in non-leptonic decays

Mainz Institute for Theoretical Physics, Johannes Gutenberg University, 02.430
Staudingerweg 9 / 2nd floor, 55128 Mainz

Monday 14 January

10:00

10:40

Flavor symmetries in non-leptonic decays: Overview

Session | Location: Mainz Institute for Theoretical Physics, Johannes Gutenberg University, 02.430 | Convener: Martin Jung
