

Session Program

14–18 Jan 2019

Future Challenges in Non-Leptonic B Decays: Theory and Experiment

Extraction of gamma from charmless B decays

Mainz Institute for Theoretical Physics, Johannes Gutenberg University, 02.430
Staudingerweg 9 / 2nd floor, 55128 Mainz

Monday 14 January

11:20
|
12:00

Extraction of gamma from charmless B decays

Session |

Location: Mainz Institute for Theoretical Physics, Johannes Gutenberg University, 02.430, Staudingerweg 9 / 2nd floor, 55128 Mainz

Convener: Emilie Betholet
