

Heavy-Quark Hadroproduction from Collider to Astroparticle Physics

Thursday, 3 October 2019

Highly energetic neutrinos - 02.430 (11:00 - 12:20)

time	[id] title	presenter
11:00	[13] The KM3NeT and ANTARES Neutrino Telescopes: capabilities and issues at the highest energies	CONIGLIONE, Rosa
11:40	[14] Neutrino scattering at multi-TeV and PeV energies	GAULD, Rhorry
