

Session Program

21–25 Jan 2019

57. International Winter Meeting on Nuclear Physics

Thursday Afternoon Session

Bormio, Italy

Thursday 24 January

17:00

Thursday Afternoon Session

Session | Location: Bormio, Italy | Convener: Prof. Christian Fischer

17:20–17:40 **The fastest Time Projection Chamber of the world**

Speaker

Dariusz Miskowiec

17:40–18:00 **Local equilibration of fermions and bosons**

Speaker

Prof. Georg Wolschin

18:00–18:20 **Probing the structure of weak interactions**

Speaker

Dalibor Zakoucky

18:20–18:40

Overview of recent measurements of Upsilon production and suppression with the STAR experiment

Speaker

Dr Leszek Kosarzewski

18:40–19:00 **In-medium properties of Λ in π^- - Induced Reactions at 1.7 GeV/c**

Speaker

Mr Steffen Maurus

19:30
