

Session Program

21–25 Jan 2019

57. International Winter Meeting on Nuclear Physics

Friday Afternoon Session

Bormio, Italy

Friday 25 January

17:00

Friday Afternoon Session

Session | Location: Bormio, Italy | Convener: Prof. John Sharpey-Schafer

17:00–17:20 **Neutron flows and neutron stars**

Speaker

Prof. Wolfgang Trautmann

17:20–17:40 **Internal Gas-Jet Target for high intensity electron beam experiments**

Speaker

Stephan Aulenbacher

17:40–18:00 **A versatile plastic neutron spectrometre for nuclear reactions and applications**

Speaker

Dr Emanuele Vincenzo Pagano

18:00–18:20 **Dalitz decays of hyperons studied by HADES detector**

Speaker

Mr Krzysztof Nowakowski

18:20–18:40 **Determination of the ^4He monopole transition form factor**

Speaker

Mr Simon Kegel

18:40–19:00 **Hadrontherapy and Radioprotection in Space with the FOOT Experiment**

Speaker

Dr Matteo Franchini

19:30
