

## Session Program

20–24 Jan 2020

## 58. International Winter Meeting on Nuclear Physics

*Tuesday Morning*

Bormio, Italy

# Tuesday 21 January

09:00

## Tuesday Morning

Session | Location: Bormio, Italy

**09:00–09:45 Exotic decays of atomic nuclei****Speaker**

Marek Pfitzner

**09:45–10:30 Recent results of the LHC experiments ATLAS and CMS****Speaker**

Paul De Jong

**10:30–11:00 Coffee Break****11:00–11:45 Hyperon-nuclear interactions and strangeness in neutron stars****Speaker**

Wolfram Weise

**11:45–12:15 New physics with coherent neutrino-nucleus scattering****Speaker**

Raimund Strauss

**12:15–12:45 The KM3NeT project: status and future perspectives****Speaker**

Carla Di Stefano

13:10
