

Session Program

20–24 Jan 2020

58. International Winter Meeting on Nuclear Physics

Wednesday Morning

Bormio, Italy

Wednesday 22 January

09:00

Wednesday Morning

Session | Location: Bormio, Italy

09:00–09:40 Exotic results from BESIII**Speaker**

Stefano Spataro

09:40–10:20 Multi-messenger astronomy with high-energy neutrinos**Speaker**

Anna Franckowiak

10:20–10:50 Coffee Break**10:50–11:30 Hadron polarizability measurements.****Speaker**

David Hornidge

11:30–12:00 Status of the B-meson flavor anomalies**Speaker**

Matthias Neubert

12:00–12:30 Hadron Physics in LHCb**Speaker**

Paolo Gandini

13:00
