

Session Program

Jan 20 – 24, 2020

58. International Winter Meeting on Nuclear Physics

Wednesday Morning

Bormio, Italy

Wed, January 22

9:00 AM

Wednesday Morning

Session | Location: Bormio, Italy

9:00 – 9:40 AM **Exotic results from BESIII****Speaker**

Stefano Spataro

9:40 – 10:20 AM **Multi-messenger astronomy with high-energy neutrinos****Speaker**

Anna Franckowiak

10:20 – 10:50 AM **Coffee Break**10:50 – 11:30 AM **Hadron polarizability measurements.****Speaker**

David Hornidge

11:30 AM – 12:00 PM **Status of the B-meson flavor anomalies****Speaker**

Matthias Neubert

12:00 – 12:30 PM **Hadron Physics in LHCb****Speaker**

Paolo Gandini

1:00 PM
