

59. International Winter Meeting on Nuclear Physics

Tuesday, 24 January 2023

Tuesday Morning (09:00 - 13:00)

time	[id] title	presenter
09:00	[17] First Result from the Muon g-2 Experiment at Fermilab	DI FALCO, Stefano
09:45	[80] Constraining neutron-star matter with microscopic and macroscopic collisions.	Dr TRAUTMANN, Wolfgang
10:20	Coffee break	
10:50	[73] Femtoscopy for flavored hadron-hadron interactions	Dr OHNISHI, Akira
11:25	[31] The EIC Canada Collaboration	HORNIDGE, David
12:00	[23] Measurement of the inelastic cross sections of antinuclei with ALICE and implications for indirect Dark Matter searches	KOENIGSTORFER, Stephan
