

59. International Winter Meeting on Nuclear Physics

Wednesday, 25 January 2023

Wednesday Morning (09:00 - 13:00)

time	[id] title	presenter
09:00	[25] Deblurring 3D Characteristics of Heavy-Ion Collisions	DANIELEWICZ, Pawel
09:40	[70] Recent Results from Belle II	Dr CASAROSA, Giulia
10:20	Coffee break	
10:50	[71] Unveiling thThorium Isomer 229mTh: On the way towards a Nuclear Clock as novel Quantum Sensor	Prof. THIROLF, Peter G.
11:30	[74] Novel radioisotopes for medical applications: the CERN MEDICIS project and beyond	Prof. COCOLIOS, Thomas
12:10	[37] Toward an effective field theory for LHC jets	NEUBERT, Matthias
