

59. International Winter Meeting on Nuclear Physics

Wednesday, 25 January 2023

Wednesday Afternoon (17:00 - 19:10)

time	[id] title	presenter
17:00	[9] The $2\text{H}(p,\gamma)3\text{He}$ reaction at BBN energies: implications in Cosmology, particle physics and theoretical nuclear physics	Dr GUSTAVINO, Carlo
17:20	[47] Bottomonium physics at Belle II	BOSCHETTI, Alessandro
17:40	[75] The ITS3 upgrade of the ALICE Inner Tracking System	Prof. LA ROCCA, Paola
18:00	[57] Relativistic fluid dynamics of multiple conserved charges in heavy-ion collisions	FOTAKIS, Jan
18:20	[42] Investigating the possibility of leakage detection in water distribution using cosmic ray neutrons	PAGANO, Davide
