

59. International Winter Meeting on Nuclear Physics

Monday, 23 January 2023

Monday Afternoon (17:00 - 19:00)

time	[id] title	presenter
17:00	[53] (Towards) Solving the puzzle of high temperature light (anti-)nuclei production in ultra-relativistic heavy ion collisions	GREINER, Carsten
17:30	[14] A novel hydrodynamic approach to heavy quarks in the quark-gluon plasma	CAPELLINO, Federica
17:50	[63] Recent ALICE results on quarkonium production in nuclear collisions	MICHELETTI, Luca
18:10	[79] Recent results from the Katrin experiment	Mr KOEHLER, Christoph
