

0 [fm] 1 **PREN**  
Proton Radius European Network

20-23 JUNE 2022  
**PARIS**

Sorbonne Université  
Campus Pierre et Marie Curie  
place Jussieu

**STRONG**  
2020

<https://indico.mitp.uni-mainz.de/event/308/>

Organizing committee:  
J.-P. Guen  
D. Madhwal  
F. Paul  
E. Wieden

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 824093

Due to CoViD pandemic:  
**1<sup>st</sup> PREN meeting**  
**(« Kick-off meeting »)**

Motivation:

To **stimulate** and support a real **synergy** between all the physicists involved in the world-wide **experimental** and **theoretical** effort from **atomic spectroscopy** and **lepton scattering** in order to **fully understand** the persistent discrepancies and to come to a statement on the **value of the proton charge radius**.

**« Proton Radius Activities and Related Topics »**

Updates on *experimental* and *theoretical* efforts concerning  
*nucleons, nuclei, molecular ions radii*

June 1st, 2019 → November 30th, 2023

Next STRONG-2020 Annual meeting: **October 18-19, 2022**

Your **inputs** concerning your activities about proton radius and related topics would be of great help for the reporting (specially collaborations).

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement **No 824093**.

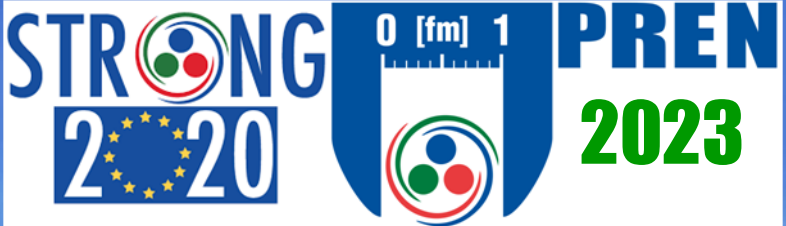

*Thank you for your attendance  
and  
the fruitful and very lively discussions*

**Tightening existent collaborations, possible new collaborations, homeworks (Krzysztof, ...)**

**Perspectives**

Mainz, Germany

Let's keep in touch!

The volunteer  
organizing committee  
members

*Au revoir et à bientôt !*

Dominique, Eric,  
Jean-Philippe, Randolf
