

# Neutrino Scattering at Low and Intermediate Energies

## Tuesday, 27 June 2023

### Intermediate energies (nu experiments) - 02.430 (14:30 - 17:30)

time	[id] title	presenter
14:30	[13] Neutrino Interaction Measurement Capabilities of the Short-Baseline Near Detector	PANDEY, Vishvas
15:15	Coffee break	
15:45	[14] Single-proton knockout and kinematic imbalance in differential neutrino cross sections with the MicroBooNE detector	PAPADOPOULOU, Afroditi
16:30	[15] CC (and NC) cross section measurements in the ANNIE experiment	WURM, Michael

# Wednesday, 28 June 2023

## Intermediate energies (nu experiments) - 02.430 (15:30 - 18:20)

time	[id] title	presenter
15:30	Coffee break	
16:00	[19] The ESSnuSB project	CEDERKALL, Joakim
16:45	[20] T2K strategies for cross-sections measurements	SANCHEZ, Federico
