

# Neutrino Scattering at Low and Intermediate Energies

## Thursday, 29 June 2023

### Intermediate energies (theory) - 02.430 (11:15 - 12:00)

time	[id] title	presenter
11:15	[26] Quantum Monte Carlo calculations of lepton-nucleus scattering	LOVATO, Alessandro

### Intermediate energies (theory) - 02.430 (14:00 - 17:00)

time	[id] title	presenter
14:00	[25] QE mechanism within Valencia model	NIEVES, Juan
14:45	Coffee break	
15:15	[27] Towards ab initio computations of neutrino-nucleus cross sections	ACHARYA, Bijaya
16:00	[28] Discussion	

# Friday, 30 June 2023

## Intermediate energies (theory) - 02.430 (09:15 - 12:45)

time	[id] title	presenter
09:15	[29] Fundamental Physics with Nuclei	PASTORE, Saori
10:00	[30] Lepton-nucleus scattering within the spectral function approach	ROCCO, Noemi
10:45	Coffee break	
11:15	[31] Meson exchange currents within a relativistic mean-field model in the quasielastic regime	FRANCO MUÑOZ, Tania
12:00	[32] Discussion
