

MITP Program Suggestion

| | |
|------------------------|---|
| Proposed title | |
| Type of event | Scientific Program <input type="checkbox"/> Topical Workshop <input type="checkbox"/> |
| Duration | |
| Preferred dates | |

Events at MITP can be organized by groups of up to four external scientists who are expected to stay in Mainz for a significant portion of their event. There should always be at least two of the organizers present. Kindly bear in mind that the selection committee values diversity also among the team of organizers. **Submission of this proposal implies adherence to the MITP code of conduct**, <https://www.mitp.uni-mainz.de/code-of-conduct/>

Executive summary including expected impact (max. ½ page)

Description of the scientific program / scientific motivation (2-3 pages)

Description of the scientific program / scientific motivation (2-3 pages)

(Bullet-point) list of the main scientific goals of the MITP activity

Diversity plan (please explain how you plan to attract a diverse pool of participants, including women and other under-represented populations in the physics community)

List of potential participants

Provide a list of participants (including name and affiliation) which have explicitly confirmed their (non-binding) interest in potentially attending the program. Please consider gender balance and mixture of different levels of career stages.
