

Pushing the Limits of Theoretical Physics

Monday, 8 May 2023

EFT I: Infrared singularities of QCD amplitudes with a massive parton - Hermann-Staudinger-Hörsaal (11:15 - 11:45)

-Conveners: Ze Long Liu

EFT I: SCET at next-to-leading power - Hermann-Staudinger-Hörsaal (11:45 - 12:15)

-Conveners: Xing Wang

EFT I: Muon-electron backward scattering and endpoint divergences in Soft-Collinear Effective Theory -
Hermann-Staudinger-Hörsaal (12:15 - 12:45)

-Conveners: Guido Bell
