

# Pushing the Limits of Theoretical Physics

## Wednesday, 10 May 2023

**Collider I: Experimental Status: Collider Searches and Measurements - Hermann-Staudinger-Hörsaal (09:00 - 09:30)**

-Conveners: Greg Landsberg

**Collider I: Effective field theory vs. UV complete models: lessons for VBS - Hermann-Staudinger-Hörsaal (09:30 - 10:00)**

-Conveners: Dieter Zeppenfeld

**Collider I: 0- and 1-jettines resummation for processes with colored final states at hadron colliders - Hermann-Staudinger-Hörsaal (10:00 - 10:30)**

-Conveners: Alessandro Broggio
