

YOUNGST@RS - Colours in darkness: towards improved modelling of strongly interacting dark-sector showers

Wednesday, 18 October 2023

ECS Session (14:55 - 15:25)

time	[id] title	presenter
14:55	[14] HEPData for dark jet resonances	WILSON-EDWARDS, Danielle Joan
15:05	[15] Simulating near-conformal Hidden Valleys	LOCKYER, Joshua
15:15	[24] New experimental techniques for dark sectors	ARAW AYALIN, Angelica Aira

Thursday, 19 October 2023

ECS Session (14:30 - 15:20)

time	[id] title	presenter
14:30	[26] Emerging jet probes of strongly interacting dark sectors	CARRASCO, Juliana
14:40	[20] The Exploration of Bottom-quark-philic Semi-visible Jets	NZUZA, Wandile
14:50	[22] Leptons lurking in semi-visible jets at the LHC	CAZZANIGA, Cesare Tiziano
15:00	[21] Tau leptons-enriched semi-visible jets at the LHC	FITSCHEN, Tobias
15:10	[23] Set-Up for Semi-Visible Jets with Leptons	PRAT, Clarisse
