

# Effective Field Theories for Collider Physics, Flavor Phenomena and Electroweak Symmetry Breaking

## Wednesday 12 November 2014

### Collider Physics I (14:30-16:00)

time	[id] title	presenter
14:30	[20] EFT approaches to vector-boson fusion processes	JÄGER, Barbara
15:15	[21] W+W- and ZZ production at NNLO	VON MANTEUFFEL, Andreas
