

Session Program

10–13 Nov 2014

**Effective Field Theories for Collider Physics, Flavor
Phenomena and Electroweak Symmetry Breaking**

Collider Physics III

Schloss Waldthausen

Thursday 13 November

09:00

Collider Physics III

Session | Location: Schloss Waldthausen

09:00–09:45

Non-cancellation of electroweak logarithms in high-energy scattering

Speaker

Sascha Turczyk

09:45–10:30

EFT for boosted top-quark production

Speaker

Ben Pecjak

10:30
