

Effective Field Theories for Collider Physics, Flavor Phenomena and Electroweak Symmetry Breaking

Monday 10 November 2014

Higgs, Electroweak and Flavor Physics I (10:45-12:30)

time	[id] title	presenter
10:45	[0] Welcome	NEUBERT, Matthias
11:00	[1] New physics effects in Higgs cross sections	HARLANDER, Robert
11:45	[2] Higgs-boson pair production in the d=6 extension of the Standard Model	GOERTZ, Florian
