

Session Program

10–13 Nov 2014

**Effective Field Theories for Collider Physics, Flavor
Phenomena and Electroweak Symmetry Breaking**

New Physics in Rare B Decays I

Schloss Waldthausen

Wednesday 12 November

09:00

New Physics in Rare B Decays I

Session | Location: Schloss Waldthausen

09:00–09:45 **B- \rightarrow K* l+l-** at (very) low q^2 and new physics

Speaker

Sebastian Jäger

09:45–10:30 **Signs for new physics in the LHCb data?**

Speaker

Tobias Hurth

10:30
