

Session Program

19–23 Jan 2026

**62nd International Winter Meeting
on Nuclear Physics**

19 - 23 January 2026
Bormio, Italy

Bormio Conference 2026

Wednesday Morning

Bormio, Italy

Wednesday 21 January

09:00

Wednesday Morning

Session | Location: Bormio, Italy

09:00–09:45 Recent results from the LHCb experiment**Speaker**

Johannes Albrecht

09:45–10:30 From neutron stars to LHC: investigating hadronic interactions with correlations**Speaker**

Valentina Mantovani Sarti

10:30–11:00 Coffee Break**11:00–11:35** Putting nuclear physics into and getting nuclear physics out of studying neutron stars**Speaker**

William Newton

11:35–12:10 Initial state radiation in leptonic collisions**Speaker**

Stefano Frixione

12:10–12:45**Search for Cosmic-Ray Antinuclei from Dark Matter with the GAPS Antarctic Balloon Mission****Speaker**

Riccardo Munini

13:00
