

Social dinner

- The social dinner is at **Rote Kopf** (red head). It is in the oldtown. The address is **Rotekopfgasse 4, 55116 Mainz**.
- If you are accommodated in the oldtown, it is within walking distance.
- If you plan to go directly from MITP, there are several ways you can get there by public transport. My suggestion is to take the tram 53 in the station close to the MITP (to the north until you see the tram lines and then to the right). Then, get out in Münsterplatz and walk 15 min.

Written Report

The screenshot shows the top navigation bar of the Nature Communications website. The main header is 'nature communications'. Below it are three navigation links: 'Explore content', 'About the journal', and 'Publish with us', each with a downward arrow. A red horizontal line separates the navigation from the main content area. Below the line, there is a breadcrumb trail: 'nature > nature communications > browse articles'. The word 'Perspectives' is displayed in a large, bold font.

- We are considering to collect the main ideas on the discussions/round tables on a collaborative *Perspectives* manuscript
- NOT PROCEEDINGS, but Viewpoints/Perspectives type
- Not journal decided yet, but valorating a couple of interesting options
- **Opinions?**
- **Volunteers among young people to help preparing a first outline/draft?**
