

## Session Program

22 August 2016 to 9 September 2016

# Effective Field Theories as Discovery Tools

*Ikaros Bigi*

Mainz Institute for Theoretical Physics, Johannes Gutenberg University, 02.430  
Staudingerweg 9 / 2nd floor, 55128 Mainz

## Friday 2 September

10:30

11:15

**Ikaros Bigi: Bridge between Hadrodynamics and HEP - or lots of water still passing under the bridge (Heavy flavor physics)**

Session |

**Location:** Mainz Institute for Theoretical Physics, Johannes Gutenberg University, 02.430, Staudingerweg 9 / 2nd floor, 55128 Mainz
