Session Program

Sep 18 – 29, 2017

Progress in Diagrammatic Monte Carlo Methods for Quantum Field Theories in Particle-, Nuclear-, and Condensed Matter Physics

Regular talk: Critical points in magnets with emergent anisotropic CP^(N-1) models (R. Kaul)

Mainz Institute for Theoretical Physics, Johannes Gutenberg University, 02.430
Staudingerweg 9 / 2nd floor, 55128 Mainz

Thu, September 21

10:05 AM

10:50 AM

Regular talk: Critical points in magnets with emergent anisotropic CP^(N-1) models (R. Kaul)

Session |

Location: Mainz Institute for Theoretical Physics, Johannes Gutenberg University, 02.430, Staudingerweg 9 / 2nd floor, 55128 Mainz
