

## Session Program

18–29 Sept 2017

# Progress in Diagrammatic Monte Carlo Methods for Quantum Field Theories in Particle-, Nuclear-, and Condensed Matter Physics

***Regular talk: Dual variables in  $O(N)/CP(N-1)$  and in QCD with scalar quarks (F. Bruckmann)***

Mainz Institute for Theoretical Physics, Johannes Gutenberg University, 02.430  
Staudingerweg 9 / 2nd floor, 55128 Mainz

## Friday 22 September

10:05  
|  
10:50

**Regular talk: Dual variables in  $O(N)/CP(N-1)$  and in QCD with scalar quarks (F. Bruckmann)**  
Session |  
Location: Mainz Institute for Theoretical Physics, Johannes Gutenberg University, 02.430, Staudingerweg 9 / 2nd floor, 55128 Mainz
