

Session Program

18–29 Sept 2017

Progress in Diagrammatic Monte Carlo Methods for Quantum Field Theories in Particle-, Nuclear-, and Condensed Matter Physics

Tutorial lecture: Stochastic solutions to quantum impurity problems (M. Wallerberger)

Mainz Institute for Theoretical Physics, Johannes Gutenberg University, 02.430
Staudingerweg 9 / 2nd floor, 55128 Mainz

Monday 25 September

11:30
|
12:15

Tutorial lecture: Stochastic solutions to quantum impurity problems (M. Wallerberger)

Session |

Location: Mainz Institute for Theoretical Physics, Johannes Gutenberg University, 02.430, Staudingerweg 9 / 2nd floor, 55128 Mainz
