

## Session Program

18–29 Sept 2017

# Progress in Diagrammatic Monte Carlo Methods for Quantum Field Theories in Particle-, Nuclear-, and Condensed Matter Physics

## *Dirac fermions with competing mass terms and emergent symmetry (T. Sato)*

Mainz Institute for Theoretical Physics, Johannes Gutenberg University, 02.430  
Staudingerweg 9 / 2nd floor, 55128 Mainz

## Friday 29 September

09:15  
|  
10:00

### **Dirac fermions with competing mass terms and emergent symmetry (T. Sato)**

Session |

**Location:** Mainz Institute for Theoretical Physics, Johannes Gutenberg University, 02.430, Staudingerweg 9 / 2nd floor, 55128 Mainz
