

Effective Field Theories for Collider Physics, Flavor Phenomena and Electroweak Symmetry Breaking

Monday, September 12, 2016

Session 1 (4:45 PM - 6:15 PM)

time	[id] title	presenter
4:45 PM	[0] Hunting Composite Higgs model UV embeddings in di-boson, $t\bar{t}$, and other exotic searches at the LHC	FLACKE, Thomas
5:30 PM	[1] A UV complete partially composite Higgs	KAGAN, Alexander
