

Effective Field Theories for Collider Physics, Flavor Phenomena and Electroweak Symmetry Breaking

Monday, 12 September 2016

Session 1 (16:45 - 18:15)

time	[id] title	presenter
16:45	[0] Hunting Composite Higgs model UV embeddings in di-boson, $t\bar{t}$, and other exotic searches at the LHC	FLACKE, Thomas
17:30	[1] A UV complete partially composite Higgs	KAGAN, Alexander
