

# Effective Field Theories for Collider Physics, Flavor Phenomena and Electroweak Symmetry Breaking

## Tuesday, September 13, 2016

### Session 5 (4:00 PM - 6:15 PM)

time	[id] title	presenter
4:00 PM	[8] Minimal leptoquark explanation of flavor anomalies and (g-2)	BAUER, Martin
4:45 PM	[9] Flavor observables: correlations and anomalies	DE FAZIO, Fulvia
5:30 PM	[10] Power corrections to semileptonic penguin decays	HURTH, Tobias
